

HILL FAVORS RECIPROCITY

Congressman From Connecticut Urges Agreement

JOE CANNON SPEAKS TODAY

Chairman Underwood Hopes to Bring the Debate to a Close To-night and Secure Vote on Measure To-morrow.

Washington, April 19.—An effort is to be made to wind up the open debate on the Canadian trade agreement to-night. Former Speaker Cannon will address the House to-day and a number of other speeches are scheduled for the day. If Mr. Underwood is successful in bringing general debate to a close to-night the bill will be brought up for final consideration, amendment and passage to-morrow.

Henry George, Jr., of New York, in his maiden speech in the House during the reciprocity debate yesterday, proclaimed himself a free trader, and said he had aligned himself with the Democratic party because he believed it was the only great party that was "moving toward the light." Mr. George endorsed the Canadian agreement as tending toward free trade and believed that eventually the United States would have absolute free trade with the world.

His speech, though closely followed by Democrats and Republicans alike, did not arouse any great enthusiasm on the Democratic side. Later Representative Pickett of Iowa and Mr. George's words to show that the Democratic party was urging the reciprocity agreement in the belief that it would tend toward free trade.

Representative Howland of Ohio, known of Wisconsin and Gillette of Massachusetts spoke in favor of the agreement.

In an anti-reciprocity speech, Representative Hamilton of Michigan, a Republican, quoted Secretary Wilson to the effect that the farmer gets only 50 per cent. of what the consumer pays for farm products, and added:

"That was before the exigencies of cabinet service made it necessary for him to modify some of the views he had before expressed."

Representative Hill of Connecticut, a protection Republican and member of the ways and means committee, warmly defended the Canadian reciprocity agreement on the floor. He declared that "in this reciprocity pact we are standing squarely in line with protection and are carrying out a pledge of the Republican platform."

He insisted that the stand-pat Republicans, who voted for the Payne bill and opposed reciprocity, were inconsistent. He called attention to the fact that prices of commodities and the rates of wages were about the same in the United States and Canada.

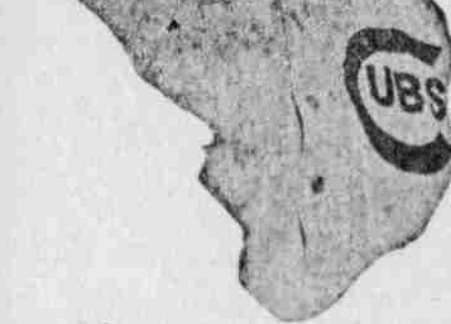

"It is a fact," Mr. Hill declared, "that one-half of the population of the world is struggling for a bare existence. The increased cost of living was the dominant factor in the last election. People were under no misunderstanding as to the increase, for they were met by the higher prices whenever they went to market. But they did not realize that the increase in food production had not kept pace with the demands. In the last ten years 10,000,000 people came to this country from Europe, where the majority of them were food producers, and here they became food consumers."

Mr. Hill denied that farmers received less protection than manufacturers.

POSTAGE COMMISSION TO MEET.

First Session to Be Held at the White House on May 1.

Washington, April 19.—The first meeting of the commission to investigate proposed increases in second class postage rates will be held at the White House May 1. At that time the question of the eligibility of Lawrence Maxwell of Cincinnati, as a member of the commission, will be decided. Mr. Maxwell has acted as attorney at times for various express companies, but it is not believed that this will interfere with his service on the commission. The other members are Supreme Court Justice Hughes and President Lowell of Harvard.

Richie, Cubs Star Pitcher.

WHY BE BALD

When Parisian Sage is Guaranteed to Stop Falling Hair, or Money Back?

Parisian Sage is the most delightful hair dressing in the world; it is pleasant, invigorating and refreshing. It makes the hair soft, beautiful and luxuriant. Wherever Parisian Sage is known, it is the ladies' favorite hair dressing.

If, after using one bottle, you do not say it is the most delightful hair dressing you ever used, you can have your money back. The price is only 50 cents a large bottle at Burt H. Wells. It is guaranteed to cure dandruff and falling hair, or money back. The girl with the Auburn hair is on every bottle.

To Prevent Bilious

Attacks is better than to cure them. When you are warned by dull headache, furred tongue, inactive bowels, don't delay an hour; take a dose of the mild effective cathartic, Hood's Pills, and you will soon feel well again. Sold by druggists everywhere. 25c.

McFarland Punched

MURRAY AT WILL

The New York Fighter was Outfought at Every Stage of the Bout in New York City Last Night.

New York, April 19.—Packer McFarland, the fast Chicago lightweight, won all the way in his 10-round bout with Tommy Murphy of Harlem at the Fairmont Athletic club last night. The Chicago boy outboxed and outfought Murphy at almost every stage of the fight.

It was a hard night for the "home bred champion." One round only—the second—went to Murphy, while the Chicago fighter captured the last seven. The other two were even. During the latter rounds, Murphy tired and McFarland toyed with him, landing almost at will.

The first round gave indications of a good fight. Each opened warily and the round ended in a draw. In the second, Murphy brought a roar of applause when he sent a vicious left to the wind, staggering McFarland to the ropes. But Murphy's lead was short lived. McFarland came back with a smile and from then on, Murphy never had a chance. Murphy fought viciously, but he was unable to pass the guard of the clever boy from the stock yards.

McFarland did the leading throughout the fight and gave an exhibition of footwork and blocking which brought rounds of applause from the big crowd.

Hurley Knocked Out By Joe Cox.

Monett, Mo., April 19.—Joe Cox knocked out Tim Hurley of Philadelphia in the third round of a 15-round bout here last night.

Albany, April 19.—Young Ahern of Brooklyn outclassed Tommy Grey of Philadelphia in a fast ten round bout last night. Ahern had an advantage in every round except the first, which was even.

Al Delmont Shades Monte Atell.

Boston, April 19.—Al Delmont, the Boston lightweight, won a close decision from Monte Atell of California in 12 rounds of fast boxing at the Armory Athletic association last night.

FIRST FOR DE ORO.

In Defense of Title as World's Billiard Champion.

New York, April 19.—Alfred De Oro last night won the first of three games of 200 points. He has agreed to play with Jerome Keogh of Rochester, N. Y., in defense of his title as billiard champion of the world. The score was 213 to 174. Both players kept mostly to the safeties, but there were some spectacular plays. The high runs were: De Oro 16; Keogh 24.

ALIENS MUST BE GOOD

British Plan to Keep Out the Criminals

SURETY ON GOOD BEHAVIOR

Required of Immigrants—Bill Introduced by Churchill in Commons—All Pistol Carrying is to Be Strictly Prohibited.

London, April 19.—Mr. Churchill introduced in the House of Commons yesterday an amended "aliens" bill, which, if enacted, will markedly change the attitude of the government towards those who have sought British shores as political or criminal refugees. The home secretary disclaimed any desire to interfere with the right of asylum for persecuted ones, but under the proposed law aliens hereafter arriving in Great Britain will be required to furnish sureties for their good behavior during a period of five years. If, at the end of that time they can establish that they have been law-abiding during the probationary period, they will be exempted from further bonds. Should an expelled alien return he will be imprisoned for two years. Pistol carrying, except by permission of the police, is prohibited. The bill, which passed its first reading this afternoon, is a result of the recent outbreak of crime among the aliens in the east end that culminated in the siege of the Sydney street home of two outlaws by the police and a force of the military.

BUSH HEADS MISSOURI PACIFIC.

Gould Forces Still in Control.—Bankers Withdraw.

New York, April 19.—Although recently forced out of the position himself, George J. Gould, opposing the Rockefeller-Kuhn-Loeb interests, brought about the election yesterday of R. F. Bush as his successor as president of the Missouri Pacific railway, defeating the opposing candidate, David R. Francis, former governor of Missouri. Mr. Bush is president of the Western Maryland railway.

The victory of the Gould faction was followed immediately by the announcement of Kuhn, Loeb & company's withdrawal as bankers for the system and by the resignation of Paul M. Warburg, the company's representative on the board of directors, and of Cornelius Vanderbilt, an ally. Edgar L. Marston, representing Blair & company; Fred T. Gates, representing John D. Rockefeller, and E. D. Adams, American representative of the Deutsche bank, voted against Bush, but did not sever their connection with the board. It is rumored, however, that Adams and Marston will resign, although this cannot be confirmed.

After the meeting both George Gould and Kuhn, Loeb & company issued statements, explaining their side of the case. Mr. Gould regretting personally the withdrawal of Kuhn, Loeb & company, but congratulating the road on the election of Mr. Bush, Kuhn, Loeb & company on the other hand, explained that they did not favor Mr. Bush and that because of his election Messrs. Warburg and Vanderbilt felt "unwilling to share responsibility in the management of the company under these circumstances."

MITCHELL'S DEFENSE.

He Writes of His Resignation From the Federation.

Indianapolis, Ind., April 19.—Declaring that the action of the last convention of the United Mine Workers of America at Columbus, O., in forcing him to resign his membership in the National Civic federation was a "crime of justice," John Mitchell, former president of the Mine Workers, has received permission from the editors of the United Mine Workers' Journal to publish a series of ten articles in The Journal presenting his side of the controversy.

After declaring that he has received a large number of resolutions, letters and telegrams from local unions, individual members and other persons, expressing regret at the action taken by the miners' convention, Mr. Mitchell says in his initial article in the current issue of The Journal that he deems it a duty to himself and an obligation to the members of the miners' union to present all the facts concerning the National Civic federation. He believes that after he is heard all will agree that a fair and impartial hearing should have been given to him before the action of the convention was taken.

Mr. Mitchell's first article is preliminary, stating principally his services to the miners in connection with the contempt proceedings brought against himself and Samuel Gompers, president, and Frank Morrison, secretary, of the American Federation of Labor, growing out of the boycott against a St. Louis stove manufacturing company.

THREATENED WITH DEATH.

But New York Legislator Refused to Yield.

New York, April 19.—An interesting echo of the recent senatorial fight at Albany was heard Monday night during the dinner of the St. Nicholas society at Delmonico's, when William Church Osborn, legal advisor to Governor Dix, declared in an address that one of the Democratic legislators had been threatened with death unless he changed his vote.

Mr. Osborn did not name the legislator, remarking, however, that the man had "stuck to his gun."

"He told me," said Mr. Osborn, "that his conscience would not let him vote the other way."

PILES CURED IN 6 TO 14 DAYS.

PAZO OINTMENT is guaranteed to cure any case of itching, blind, bleeding or protruding piles in 6 to 14 days or money refunded. 50c.

HERBERT ASQUITH.

Premier of England Fighting to Reorganize House of Lords.

WILL TRY TO GET ALIEN-SMUGGLERS

Government Will Follow Greek Ship's Officers to European Refuge.

New York, April 19.—It is admitted that within the next few days the federal government will establish a European watch to apprehend and extradite Capt. Gekas Koukoulas; Ivanos Kalafatis, first officer; Christo Bogdanos, second officer; Demetrios Tambras and other men of the Hellenic line steamship Athina, and Capt. Spiridon Parasythi of the Greek liner Themistocles, who are under indictment for a widespread plot to smuggle in undesirable aliens.

When the Athina got here on Feb. 25, so many of her officers and crew were arrested by the federal authorities that an engineer had to be let go to take care of the engines. The officers were released on bail and sailed away. The vessel returned yesterday. She was found to be in command of Capt. D. Nomikos and officered by a new set of men.

WESTERLY GRANITE

FOR WESTERLY P. O.

The Rhode Island Granite Center Is Somewhat Disturbed Last Barre or Quincy Stone Be Used.

Westerly, R. I., April 18.—Just before leaving Washington last week for a short stay at his home here in Westerly, George H. Utter called upon the postoffice department there and had an interview with the supervising architect, Mr. Taylor, regarding the new postoffice that is coming to Westerly in the near future.

It was then stated that the government would probably ask for bids on the work early in the summer, so that a large amount of work would be done before winter closed in. It is expected that the building will be much the same as the one recently built at Quincy, Mass. It is of a low Colonial design and will make a good building for the position that it will probably occupy, just to the northeast of the present building.

The question was raised as to the material and the supervisor said that if possible he would ask in the specifications for a granite building, and he believed that he could figure the work so that granite would be surely used. But he also said that he could not specify Westerly granite. That was against the rules of the government. The granite manufacturers of the entire country must be given an opportunity to bid on the building and all that he could do for the town was to specify that the granite should be of a light color.

This is the real situation as far as Westerly granite is concerned. The postoffice will be built of Westerly granite, cut in Westerly, if the Westerly manufacturers, and the employees too, are willing to join hands and bid so low that the Westerly granite will be the winner. It will be a question whether or not the Westerly granite can compete with granite of the other places.

The manufacturers of Quincy and Barre and all the other New England quarries may bid on the building, and if they are low they will get the contract. It has always been claimed that Westerly granite was expensive stone for building purposes. So the chances are more than even that the Westerly postoffice will be built of some other stone than Westerly granite and will be cut by others than Westerly stonecutters. Westerly manufacturers and Westerly labor will have an opportunity to bid on the work and if they can meet the other granite towns in an open and fair competition, the postoffice will be a Westerly product.

All the wire pulling of the board of trade and individuals will not help the situation, except as they help the employers and employees to get together and make such a low bid that the building will come to Westerly because Westerly bids low on the building.

Fire Caused Panic.

New York, April 19.—An explosion and fire early yesterday in a six-story loft building directly in the rear of the Broadway Central, caused a panic among the 200 hotel guests. They were calmed when it was seen that the fire would be confined to the business block. The four upper stories of the loft building were burned, causing a loss estimated at upwards of \$50,000.

A NOVA SCOTIA MINE WAR?

Coal Operators Do Not Meet Committee

THEY WERE ASKED TO AID

In Fixing Wage Scale—An Industrial Crisis May Follow Next—Workers Say the Responsibility Has Been Put On Them.

Halifax, N. S., April 19.—As a result of the failure of the coal operators of Nova Scotia to meet a wage scale committee from the United Mine Workers of America Monday, it is believed by many persons that one of the greatest industrial wars in the history of the provinces will ensue.

The miners in a statement issued last Monday say: "Our policies are peace and conciliation and the establishment of the mining industry of Nova Scotia on a stable basis that will conserve the welfare of all parties interested. We very much regret that the operators have not seen fit to accept our invitation, and that they have absented themselves from this meeting. However, if they are determined to place the whole burden of determining the rate of wages and condition of labor under which the mines will be operated on the shoulders of this committee and the mine workers of the province we must accept that responsibility. Should the rates of wages and the conditions of labor decided upon by this committee and the mine workers be unsatisfactory to the operators they will have no just reason to complain, having refused the invitation of the committee to assist in setting a rate of wages and making conditions that would be fair to all parties concerned. The invitation to the operators declared: 'Failure to reply or to be present at the time and place appointed will be considered as a refusal on your part to comply with this request in which case the committee will proceed to carry out the instructions received from the convention in a way and manner best calculated to insure success.'"

Porto Rico Strike Curtails Cigars.

New York, April 19.—A strike of the cigar makers in Porto Rico, which arose from the discharge of two union workers in San Juan weeks ago, has spread until about a fifth of the cigar supply coming to this country has been cut off, according to importers here. The strike has already resulted in the assassination of two men and the arrest of twenty-two members of an alleged anarchistic organization which is said to be behind the strike.

WESTERLY GRANITE

FOR WESTERLY P. O.

The Rhode Island Granite Center Is Somewhat Disturbed Last Barre or Quincy Stone Be Used.

Westerly, R. I., April 18.—Just before leaving Washington last week for a short stay at his home here in Westerly, George H. HIPPODROME ACTRESS SHOT.

Vina Wray Receives Three Bullets, Fired by Unknown Man.

New York, April 19.—Vina Wray, an actress, while leaving the stage door of the Hippodrome yesterday afternoon, was shot down and seriously wounded by an unknown man, who had been seen lurking near the theatre. The actress was shot three times. Her assailant was arrested. Some mystery surrounds the cause of the shooting.

\$500,000 LOSS.

Sustained In Jacksonville, Fla., Lumber Desirist.

Jacksonville, Fla., April 19.—A fire starting in the Dascher-Gardner Lumber company's plant here last night, swept a whole square, destroying the stocks of that concern and the Jacksonville Lumber company and a line of freight cars on the Seaboard Air Line siding. The loss will amount to \$500,000.

RESIGNS FOR GOOD.

Supt. C. J. Ferguson of Vermont Anti-Saloon League.

Burlington, April 19.—There was a meeting here yesterday of the headquarters committee of the Vermont Anti-Saloon league at which Superintendent C. J. Ferguson tendered his formal resignation and refused to continue in the office after June 1. The only man the committee has in view for the place is Rev. C. H. Smith of Pittsford, pastor of the Congregational church of that place.

A BATTING BEE.

By Norwich at Expense of Boston University Team.

Norwich, April 19.—The Norwich team had a batting-fest against Boston university yesterday afternoon, winning 26 to 1. The home team batted the ball to every corner of the field, while the visitors were shy of safe raps off Berry, Parkman and Munsell.
